If you are using a no-CD crack, you must use one that has been authorized by BlackHand
Studios. Whether you are or not, you must not use a hacked game2.exe.

You may download a valid game2.exe from here:
 http://www.multiplayermaps.net/pafiledb.php?action=file& id=332

That's good enough..maybe it's corrupted in one of other way. Try the No-CD crack Kanezor
suggested if it happens again.
