1. Maybe it was his cat?

2. Why should I donate 30$ when I follow the rules? That will say: I do not cheat.

3. I am not his cat, for sure.

(4) (If he really did not cheat, he should contact Crimson or Mac)

hahahahah, lolol,

oww, a WoD guy failed to bypass RG although others have yet managed to do it? Aww, R0gu3, u
r making WoD's reputation pretty bad with such failure... Why can't he come and post a reply
himself to defend himself? And hmm, yeah, it must have been his cat who tried to bypass RG,
R0gu3 wouldn't need to do it as he's banned on most servers for aggressive behaviour and
flaming and using abusive language...

Heav, u r just so lame, WoD was now busted once and for all.
