since this is a Renguard Client side problem, shouldn't this post be in the Renguard Client side forum.....not the General Discussion section?

he i dont know where i put it and smart i got a given to be dumb so and now i worked that problem out i got a new problem and they said contact blackhand studios and they send me back to this so the problem now is:

Old file does not exist

Note the error you are getting as well as what file is being patched and contact Blackhand Studios at

www.blackhand-studios.org for assistance

Happened to me before.

Just try again. Should work. If worst comes to worst, you just will have to re-install renny and then try again.
