Thanks guys. I kind of thought my first birthday away from home would suck (I'm at college), but so far it's been pretty cool. At midnight my friends scared the Jesus out of me and then sang Happy Birthday, and now I'm relaxing and playing video games, while they go to buy a cake. What I really need now is to have a chance run-in with this one girl so that I can ask her out to dinner. Wish me luck!
