Is there a single download for RG SSC 1.03? I do not want it integrated into BrenBot, since I don't plan on using that. There is only the 1.02 marked on but not 1.03 . Anyone?

I could be wrong but I'm pretty sure there is no dl for it. You have to be worthy to get it.

(Just browsing the forums, and thought I'd interject a comment here)

There will be a download for this possibly if no one else has done it. You could run the new BIATCH scripts also .
