hey all ^^ i got a question... how can i set the Timelimit for the Crates when they will respawn...

is it possible, that i can set the time to 45 Seconds for the respawning of the new crates ?

tnx Servi ^^

Usually done by changing the "spawn delay" times of the yellow "crates" in level edit.
Unfortunatally, can't be done through SSAOW (to my knowlage).

Ultra late reply i know...

But in ssaow it changed the crate spawns to only 1 crate on the map at any one time, and a delay of three minutes (i think). This over-rides anything in level edit.

You could change the ssaow source code. But there maybe an ini file of some config file to alter this, before you open this source i would check.
