Sweet. A collectors edition.

Quote:

"The Command & Conquer fans are among the most dedicated in the world. It's very exciting to be able to create a special bonus edition of C&C 3 with our fans in mind," said Mike Verdu, Vice President and Executive Producer at EALA. "The exclusive maps, strategy tutorials, special unit skins and 'making of' video provide hours of enjoyment to anyone who loves Command & Conquer. The 'blooper reel' is just flat out funny. I can't wait for Command & Conquer fans to get their hands on this game."

I hope there isn't already a topic for this.
