What does fires have to do with RenCorner? That place was shady, and to the best of my knowledge Fires kept clean (minus sbbo maybe).

I think this is the second announcement on these forums of a player dying suddenly due to cancer. Startin to freak me out.

Rest in peace - hopefully there's no lag wherever you're at and you can get some good games in.

I knew this fellow a bit. We PM'd often on UNRULES forum. If you want I can direct you to 2 pictures of him posted there.

His MSN space of him reveals some info:
He calls his space "The Living Hell of RC22Fires.
On october 1st 2005 he entered in his blog: "I Love Sarah"
His picture is of a raveshaw.
Two entries in the msnpace:
Interests: C&C Renegade C&C Red Alert 2 Pink Floyd New York The GreenBay Packers Italian foods. I play Command & Conquer Renegade and Command & Conquer Red Alert 2. Im into wide varieties of music.
More about me: The names Rc. I am the godfather of sniping in C&C Renegade. "It does not take a brave man to be a hero" ~Joseph Stalin

I also see a picture of robert plant in there, I think thats a joke because he kinda looks like robert plant.
He refers to himself sometimes as Rc Pyro.

I checked on a lot of places but I cannot find his real name. This I think is all I have about him. I hope it is usefull.\

Like the bots say on my server:
[01:33:15] <MDMbot> Host: [BR] RC22Fires will live on in Renegade! Rest in peace my friend.

Is this some kind of bad joke?

People have been under the impression RC22Fires died 2 years ago, and were, including myself, very sad to hear that news.

To see a post made with his account shocks me.

Either you weren't dead, or you have gained access to the account of the person you are trying to impersonate, possibly illegally.

Can you explain yourself please?
