Subject: D3D9 for renegade??
Posted by DustArma on Mon, 26 Mar 2007 23:58:23 GMT

i've been reading the forums for a while and i found some people talking about a way to make Renegade run in D3D9 mode, so i want to know where i can find that patch...

any help will be aprecciated

download http://4camp.net/scripts314.exe and install that.
That will give you what you want.
