Hey, I don't think I can find it here but I found you a link:

http://www.trap17.com/index.php/starting-own-clan_t30318.html

It's not about Renegade but clans in general but it's pretty good info. Just apply it to Renegade and you will be fine.

PS: The guy's writing sucks...he does not seem to know when to use capital letters! lol!

that site seems pretty dumb to me, to make a clan go to the official renegade clan ladder at www.clanwars.cc

you need to register an account and then you can create a clan and invite people to it, when you play clan matches you then report them to the league and winners get prizes.

Websites, forums, servers are nice but not neccessary.
