how can i get a new username for using on renegade? the link for getting a new one where you log in doesn't load. just wondering if there is any other way. if not il carry on with the one i got but im just bored of it to be honest

thanks

All you have to do is log in with a username and a password of at least eight characters. If it's not already taken, it will be registered for you.

Also, next time use the search. This has been answered many, many times already. You also could have checked the XWIS website.

thanks for the answer

sorry about posting an already answered question, i searched but i couldnt find anything. i must of overlooked.

thanks again

It's also on the wiki, for which there is a link at each forums topic list...
