I keep getting a message when I try to start Renegade...  
I just now reinstalled it, want to start playing again but it wont let me .

Can any of you tell me what this message means, and possibly how to fix it?

Did you install SK's bandtest.dll on your client? Either that, or your bandtest.dll was simply munged...

To be honest I have no idea what you just said..

I installed it fresh from the game disc, to my knowledge that is everything.

\*NB - This file is not officially supported or endorsed by BHS (Black Hand Studios, I also make no assurances about anything to do with it)\*

Here's my copy. Don't forget to update to version 1.037 before playing online!
