People on Renegade always say the word noob. They don't really say anything else. I ask a simple question, like did you die in the tunnel or was it you who killed me? They always answer so negative! Just NOOB,NOOB,NOOB. can't they say anything better?! This makes me so mad that I don't want to play anymore.

Happens in other games too, but in some games, its 'noobish' to say noob to some1. Actually, i find the meaning of 'noob' not nad but the word itself sux.. >\_>

i find it very annoying when you try to tell people something, and you do so politely even though they are the ones doing something wrong and they mouth you off. a few days ago i was playing on hourglass and i was in a stans, and there was this moron in a lighty and he kept rolling up behind me and blocking me. so every time i go to shoot a tank i find this guy behind me shooting mostly me and not letting me retreat. finally we ended up getting rolled on by 2 meds and he blocks me again and stands there shooting at them... needless to say we both lost our tanks by somehow i made it back to base. so i pm'ed him saying "please dont block me again" no flaming or anything. not even 2 sec later in general chat i see this noob reply "fuck off noob, go cry to your mommy because you lost your tank... you noob". like what are you supposed to say then?

on top of loosing a tank you get called a noob by some retard that doesnt even know who the real noob is. and yes sometimes i does make me want to take a break from this game as most just flame and whine not play anymore. however in this case i ended up ignoring him and joined in an a few good rushes.

Its not really anything to do with the word- more to do with some players that lack the vocabulary to use any other word. I agree, they're trying to heighten their leetness and failing miserably. Let them get on with being an asshole.

Yeah, but other times when they screw things up, there's nothing much we can do but use the word.

Other times, if they just use the word when they thought the "other" person did it, then their just plain wrong.

Welcome to the world of the internet, a place where the made up word of "n00b" has meaning.

N00b is the insult meaning stubborn new guy who can't admit he is wrong.  
Newb is the new guy who wants all the help he can get.

noob is also an insult used by anyone who is one but wont admit it (like when they steal your orca, claim its theirs, and call you a noob when you ask for it back or vote to kick them for vehicle theft)
