Can someone tell me please, all the file names for the Ion Cannon, from .dds to .w3d please?

I have found some, but I think am missing some. :s

The explosion for the Nuke is nukefire1.dds, So I assume the Ion's lazer beam is Ionfire1.dds.

I used to have all this info, but lost it D:

I will look when I get home unless someone replies with the info xD
