I've never understood why servers believe it is their role to play mommy. A simulated WAR GAME where your objective is to KILL the other side and they cry about words like "jew". Give me a break. Go somewhere that is worth your time, there are many servers (us included) that don't ban for stupid shit like that and have a grip on reality.

Yes, because racism is fully accepted in soviety and there are absolutely no laws against it.

Seems to me it's not Jelly who lost grip on reality, here.

Go to Jelly's forums and apoligies and ask nicely to be unbanned. Loose the attitude.
