Yay! Blackhand101 learned how to stab people in the back at the age of 5.

No everyone hates Horqwer, just the same guy that keeps making lame topics. If anyone should leave it should be that guy, I don't see Horqwer making useless/shitty threads about other people in an attempt to create a bandwagon.

I would appreciate it if you left as well, we don't need your kind around here.

The fact that you burnt it so no-one else could spam him (cough sadukar) was lame.

The fact that you did this to try and gain support is lame.

It's interesting that you have yet to realize that we don't give a shit about you or whorequeer. I don't know how much we need to stress this until you finally fucking realize it, but it should have been clear several days ago that we DO NOT GIVE A FUCK.

Please, I beg of you to listen to us just this once. I'm going to give you my most sincere, heartfelt suggestion that I seriously advise you to take to heart. Instead of concentrating on your "game studio", I suggest you concentrate on your school work, so you don't fail as an adult as you're

Go hit puberty first man, the internet is a very bad place for someone your age. Most of us are in our late teens here, and if you don't like us, then you need to do something better with your time. My comment about paying attention to school work? You really do need to follow through with my suggestion, as is quite evident you need it after posting what you just did.

You can barely put together words to form half-assed sentences, what makes you think you're credible enough to make economic predictions? For fuck's sake, kid, grow up and learn to not take this shit so seriously.

As for the "always give more chances" logic... LOL! So if someone steals from my house because

I let them in, I should open up my house to them again? Then, if they steal from me again, I should, yet again, let them enter my home? That's some pretty fucked up logic there, kid. I support giving people second chances, but once you ruin the second chance, you're SOL. Remember, "fool me once, shame on you. Fool me twice, shame on me."

Ex-fucking-scuUUUUuse me, but i don't insult anyone without a reason. My reason for flaming HORQUER was, that he contacted me, and started this whole sharrade himself, so, in turn, he 'earned' his insults.

Do you remember that time when i was innocently added to a large convosation with you, john, zeth, kamuix, and a bunch of others? I said hi confusingly wondering as to why i was inculded. Then all i saw was "mero is gaymero is gaymero is gay" repeated for about 16-17 lines, and they all came from you.

You, and HORQUER, need to get your facts straight before you start gloating. Sadukar, i'm not really sure about him/her/it, but s/he/it is quite an annoyance on these forums randomly flaming other users with posts like "Gtfo." and "You have no life / Your parents hate you.", which i think is just retarded.

You should notice that i don't take part in many topics because i don't have anything to say in those topics, whereas Sadukar just flames anyone and everyone.

But anyway, this is enough bashing for me. I came here to retaliate your attack against my name because i am not letting some ratarded person who cries over some pixels which are aligned in a pattern which is offensive to him, bring me down like that.

I swear everything I say goes directly over the majority of peoples' heads. It's not like what I try to say is that difficult to understand. Either people are just that stupid or just that stubborn. Either way, people need to be shot.

As for the economy crashing... it's still funny for a 15 year-old to make these assumptions just based on the price of oil and the weakening of our dollar. Not that either of those two things are good, but they don't portray the guaranteed future of our economy.

havn't got up really yet. We are currently working on the webiste. Give us some time and we won't
disapoint you. Also don't say that home schooled people have any social "skills". I'd bet there are

This topic has now been hi-jacked.

Here's a poem that I think everyone should read:

A jail cell is freedom from the pain in my home
Hatred passed on, passed on and passed on
A world of violent rage
But it's one that I can recognize
Having never seen the color of my father's eyes
Yes, I dwell in hell, but it's a hell that I can grip
I tried to grip my family
But I slipped

To escape from the pain in an existence mundane
I gotta 9, a sign, a set and now I gotta name

Read my writing on the wall
No-one's here to catch me when I fall
Death is on my side....suicide!

A jail cell is freedom from the pain in my home
Hatred passed on, passed on and passed on
A world of violent rage
But it's one that I can recognize
Having never seen the color of my father's eyes
Yes, I dwell in hell, but it's a hell that I can grip
I tried to grip my family
But I slipped

To escape from the pain in an existence mundane

I gotta 9, a sign, a set and now I gotta name

Read my writing on the wall

No-one's here to catch me when I fall

Caught between my culture and the system....genocide!

So your site works in IE but not Firefox? As I said, bad web design. Any web designer with half a brain knows they have to design sites to work properly in multiple browsers, not just the one they happen to use.

Seriously, how can you call yourself a 'Studio' when you don't even MAKE anything? It's just stupid..

Are you done with your flamefest, eh?

Danpaul, Please, I do know the site is a fucking peice of shit but that, sir, is a placeholder, Yes. For one, If you dont like us, Why go to the fucking site. I mean why rant if you hate us so much. You have much better things to do really. And to all of you, How does it make your day to insult people, Including the work they produce everyday. I mean come on. You really could be out with your friends, having fun, Instead of getting your blood pressure risen and flaming the shit out of people. If you hate us, Save your breath, Dont talk and join the club of other people who do. Think about this, Why do you hate us? Why?? WHY?! Lol, I know. Its because you hate Horqwer. A 12

year old gamer, Yes young and some bit noobish, But thats no reason to hate the whole community hes in. I mean, Really, Think about it. You hate us because Horqwers in our community. So you go ranting through our site and find things wrong with it. I mean LOL. Thats a fucking waste of time. Life is way too fucking short to hate people forever. This isnt one sided, Yes. Im sure Horqwer has done things to deserve this but, Really, Look and Me and Him, Look at Him and Blackhand101, look at Him and Dealman. They dont flamefest. In fact the less you call him a "Bitch" "noob" or "asshole" The less he will be that. Im sure you can reconsider. Reconsider all he has done and look through it. You cant hate people forever, Life isnt about that. Hating forever is just going to dissolve you. Hating will make you less of a person. Consider that completly. Consider that like a person. Hate makes you one less of a person, And brings just as much hate back to you.

You don't need HTML to place up a template. It is probably (I'm not really that great with websites, but I have been using Dreamweaver for 6 years) the easiest thing you can do with a website.

Only way to close this is to do it ourselves though mass quote spam, I've noticed that Blazer closes them often.

So let the spam begin!

He's right you know.
Indeed.

Am always right.

On a personnal note, I'de like to point out that age means nothing in modding, so long as you know what you are doing and don't do retarded things. I am as old a blackhand101 if not a little older, and I lead a small, but sofar, a quite popular mod. I don't want to start a war over this, I'de just prefer if people took a little more pre-caution instead.

It's not popular unless I know about it.
