I read this article and found it to be very good, I also found it to relate to what is happening around here that is causing all the flaming, it is too long to post so it is in the attached txt file.

Hope everyone likes it and Please Comment!  
I'm sorry if there is any typos or weird symbols that would be my scanner's fault.

I found it interesting, but sadly most people on these forums twitch and convulse if they see more than a paragraph of text, and just reply "too long didn't read, but lulz". Ironically most of these same people have signatures that are larger than most of their posts.

WTF that post is not about bananas at all!

But this one is.....

sigh...guys how about just 1 thread without spam and flaming

@Blazer: yea I was going to use the word "enlightening" instead of "good" but I thought most wouldn't be able to comprehend that

wtf r comprehend lol?

Back on topic, I've recently been informed that the way I've peeled banannas for my entire life is the "wrong" way. Is there an actual set right and wrong?

Without reading all the shit.

Dohhhhhh, stick a needle in the banana skin every 10 cms, and slice said banana from left to right, or opposite.

Then when the recipient peels a banana they have a sliced one.

dohhhhhhhhhh

You have to have a healthy balance. If I go around questioning myself all day long then I will never be assertive enough or feel confident in my every day life, but it is also important to be open to other peoples ideas.

I do believe people see the world through there own self delusions, pretty good point.
