Here's the Link to the Flash animation. Don't complain to me about quality, as I rushed it.

Has nothing to do with quality, its just another EA bashing message. I sure hope none of you people bashing EA ever go into business...you go into it to make money, not lose it.

I'm not saying I liked it either, but they made a business decision and its as simple as that. Lets just get over it, you can't change it, move on for christ sakes. Try supporting WHAT IS HERE for Renegade, not what isn't.

Ok, other then the quality what is there? I mean, what are you asking us to look at? Is it the message? If it is the message we are to judge, it is hardly worthy of a judgement. It simply lacked content.

That was pretty poor man. Not to mention whoever was doing the talking(the guy in front of the n00bstories platform) sounded like he hadn't even hit puberty. Then the other guy sounded like he was jaggin it. Oh well it wasn't funny either. But you made a good attempt and I commend you for

that
