[View Forum Message](#) <> [Reply to Message](#)

Well, I'd post this in the server owners section, but they won't grant me permission...

Quote:[03:33:47] <BlueThen> !ip madrockz

[03:33:47] -KB-CNC- [NR] madrockz #0 -- 79.210.235.171

Quote:[03:45:09] <BlueThen> !nick 79.210.235.171

[03:45:09] -KB-CNC- [NR] IP 79.210.235.171 has connected using the following names:

[03:45:09] -KB-CNC- [NR] #0 -- [aaaadasdas

[03:45:09] -KB-CNC- [NR] #1 -- <<<<<MMHack

[03:45:09] -KB-CNC- [NR] #2 -- madrockz

[03:45:10] -KB-CNC- [NR] #3 -- ======WoIHAX

Also from his other nickname:

Quote:[21:16] -KB-CNC- [NR] IP 91.48.114.116 has connected using the following names:

[21:16] -KB-CNC- [NR] #0 -- MonkeyX01

[21:16] -KB-CNC- [NR] #1 -- .

[21:16] -KB-CNC- [NR] #2 -- Kamuix.93

[21:16] -KB-CNC- [NR] #3 -- bluethen

[21:16] -KB-CNC- [NR] #4 -- Nr1

[21:16] -KB-CNC- [NR] #5 -- Nr2

[21:16] -KB-CNC- [NR] #6 -- lol

I'm sure the quotes explain themselves, MadRockz tried to hack Kamuix CnC and bypass NR.

If you're smart, you'd ban him or keep on the look out. Hackers should be taken seriously.

His IP is 79.210.235.171, and his host is dip.t-dialin.net.

[21:16] -KB-CNC- [NR] #4 -- Nr1
[21:16] -KB-CNC- [NR] #5 -- Nr2
[21:16] -KB-CNC- [NR] #6 -- lol

I'm sure the quotes explain themselves, MadRockz tried to hack Kamuix CnC and bypass NR.

His IP is 79.210.235.171, and his host is dip.t-dialin.net.Blue for President!

Everyone whos ISP is T-Online (Network Host and ISP), Congstar/1&1/GMX/Strato (ISPs who act as DSL-Resellers & use the same IP-Pool!) could have been this since all private ADSL-users in Germany don't have static IPs.

I smell stupidity: Yes, the two IPs are from the T-online IP pool (I checked it a few mins before this post), but a wildcard ban like you did kicks out

12,000,000 german DSL users -or in other words-
66% of Germany!

Madrockz your style of writing conveys an image that you are a pathetic individual who has trouble passing 3rd grade English. You have failed miserably to bypass the host ban because you are to stupid to figure out how too. There is only one way possible to bypass it, and for the sake of the other players I shall not disclose it here. You also seem to not understand the difference between IP addresses and DNSs. I have grown tired of you trying to act "1337"ish by posting a bunch of nonsense bullshit trying to impress other people on these forums.

Now go sit in a corner and cut yourself, reflecting to your pathetic life of shame and no friends, you sad excuse of a person with no significant purpose on this earth whatsoever. Hopefully you'll cut so deep that you die from loss of blood and/or infection. Also consider playing "Chug the

cyanide" with yourself and that piece of lint that lays on your desk, whoever swallows the most in 30 seconds wins!

Surth, I really don't want to defend Mad too much but expecting a perfect English from every german is pointless. After learning the basics at school, it's not a must to study further. Somep people do have their weaknesses in learning foreign languages and other don't. That's life, face it.

On the other side: Of course there is too much 1337 in Mad's posts I agree. But what about helping him to get it better (if he wants to) instead of bashing on him all the time?

For the most part, I'd say it's his fault then for not learning English further.

I'm not saying you NEED to if you live in another country. But, when you come to an online forum where the majority of people speak English, you should probably learn to speak English better.

Otherwise, you'll probably be called an idiot.

I dunno man. Have you ever had to learn a second language so you can be near-totally fluent? It's a bitch of a time.

Subject: Re: MadRockz

[View Forum Message](#) <> [Reply to Message](#)

Yeah, I mean, I took Spanish as an elective for many years, including some exposure during middle school. I even got a 5 on the Advanced Placement Exam (that's the highest you can get), yet I'm nowhere near fluent in Spanish. Fluency, vocabulary, and proper grammar are not

necessarily improved through the same type or amount of exposure to the language. It also helps considerably if you start to learn other languages when you're younger, because of various critical and sensitive periods in the brain's development of language skills. If MadRockz tones down the 1337, give him a break on his other mistakes, unless you really can't understand him.

It's just one way to show respect. That's what people care about, if you show respect if you can't write proper english, then most people will not really mind either. If you write bad english while you can do it better (because you are lazy or something) however, then people WILL mind.

Reading your last post however, I don't think you really care about showing respect.

Subject: Re: MadRockz

Yeah, that was sort of my point... If he had enough respect to try and speak English better and would try his best, then I'd loosen up on him a little.

But seeing as how not only his attitude is ignorant, but he just plain lacks respect. Therefore, he deserves NONE of mine, regardless of what country he was born in.

<3 Eric

Ok lets set this crap right.

-You're the racist here, saying all turks should die and that germany is full of them

-DNS-bans cannot be evaded unless you do some really dumb things. Also, DNS-bans can be

placed per-PC

-You, indeed, think you're 1337, and i think it's quite weird you're not already banned from whole XWIS. but thats not my problem.

-Being proud of the fact that you're as bad as mandai is stupid, but we already know that: it's just the way you are.

-I have many other things to say like "fag" and "mean lady" and "dickhead" and "pig" but I won't say them, it'll be seen as flaming.

Sincerly, =CA=Sercan386

P.S. die >:D
