Please! Tell me the names of the background songs that play in these 2 videos:

Also, can you name me more songs like that? What band and what album? I like listening to these types of songs when in the highway driving...thanks!

The first song of the first movie is, apparently, Bloodstains by the Offspring.

I'd suggest to pick out some memorable lyrics, and type them into Google. That's your best bet.

Edit: btw, you should try this place if you can't find the song names yourself. They're pretty good at finding stuff like that.
