Sup peoples,
has anybody here the harvester´s of Reborn (gdi+nod)
in Data folder of Renegade?

If yes release it please..

tx

or maybe Orca from Reborn to Renegade

or maybe Apache from Reborn to Renegade

Reborn sure did a good job on those...
Dunno if it would work in regular Renegade but that'd be cool

Also, images way too big.

C&C reborn is still in vehicle testing phase and those models are not currently available just yet,
so in other words no.

I have made my own version of the harvester. with added reflection and lights. you can't see the reflection here very well. but you will see in-game

I also had a GDI version of this. but i lost it. but i know someone that i sended it to, so i'll ask him.

I post it here asap.
