i personally think Killaaa's water fall is the best, but altzan's creek is the best 2. I need to brighten the tiberium water to make it look better, i will also try it with scrin's tib water he released, unless he tells me otherwise.

here is a zip file with both killaaa's dds, and asorted other files that can be used for l03_wtrfall.dds only. Every file has a ss, ecept killaaa's creek. Here is what killaaa's wtrfall looks like:

and the zip is here:
