Here are simple armor skins for the PT icons, in both gdi-nod, or orange (armor color). Previews:

PS: the orange wil replace both refill icons if u use them, u don't have to re-name it.

New:

This pack of PT icons change it so that all the engineers + technicians have Remote C4 added to their weapon bar. Previews:

umm, only one of those PT icons i used:

the rest i either got from here:

<http://www.renegadeforums.com/index.php?t=avatarsel&rid=24163>

or combined images from there and made my own from those. all the original files (avatars) are in the zips, except the remote c4 zip, in which i forgot to add them, and the newer versions are there.
