Well, someone told me that since all my skins look relatively the same that I should make them into a skin package. Well, I did that, and then I did all the same weapons, only in the third-person view, as well. So, what this is is the Laser Rifle, Pistol, Tib. Rifle, Shotgun, and the Railgun all done in the same way, but in both first-person and third-person viewpoints.

Here is the skin package:

Lol

Yeah, it's really nice to hear that something you made is going to be put up for all to see. Good Job
