Whats wrong with that HUD icon / its alpha cannel?

Strange green lines shown instead of icon after purchase of that airstrike flare beacon (1).

after i bought a nuke beacon additionally, all seems to be ok (2)?

See here:

O.O

Never thought of doing that.

Anyway, I suppose it's because the flare isn't meant to be shown like that? (maybe, lol..)

I believe the broken text and broken icons were 2 unrelated problems. The text was fixed by replacing corrupted text files. The broken icons remained.

yes, 2 unrelated problems.

would be nice to have a solution for the broken icons too.
