Some model i found on fpsbannana and converted. Don't know who made it.

Dreganius wrote on Mon, 30 March 2009 18:57Well, I like it a lot. But I thought I'd make it look even more snazzier

Hope you likes =]

And here is the texture, of course

>>>Download Here<<<

Enjoy if you wants

I like it a lot. I'll be using this. Maybe until the Lasgun comes along

4 stars!

Looks quite epic

But IMO its more an auto rifle then a laser rifle , ill try to change the filenames so it will be an auto rifle will probably fail though

It's awesome Dreganius

I know it should be the auto rifle, but i didn't want to have messy reload animations so made the laser rifle Renaming won't work, but importing in gmax and exporting will
