the last 2 skins which i have released where shitty and with no effort so i made a mendoza skin with effort

thx to goliath35 for being my model

I don't normally comment on the texture replacements very much. But this is actually pretty good. It's not often these replacements are better then the original or fitting tot he rest of the scene, but I really like this. It might be nice to use as the secondary alternate costume, like Havok's version. Welldone.
