how i can save maps in Level Editor
i can export them as a mix file and use them offline
but when i try to use them online my ren crashes
heres the way i do it
i save the .lvl file in the levels folder in the mod package folder
then i save .pkg file in data
and i rename (under for example) to C&C_Under2.mix
then i asve the edited map as a mix file in data
wth i make wrong
any1 must know how save the maps

You should save a map to a mix file like this ->

save it as C&C_lamo in LE then Export to mix as C&C_lamo.mix. However if you are trying to modify a map and then trying to play with it online then it will crash. Like you modified C&C_Under.mix and you saved to it and you tried to join a server to play with it. Because then you could be a big fat JACKASS cheater.
