when you press F8 in game there pop ups a box where you can type things like extras fnkqrrm or
hud 0
but
my hud 0 command wont work when i type it
there is just a message that i cant write things with this box
(thats the reason why my last ss were so ugly)
how i can fix it hope anybody knows it
and here is a ss when you dont know what i mean.

to add another thing:
You do not type extras ASJDHSAJD (w/e), it's just extras,console reads only the thing before the space
