i want to change the ingame font but i dont know how or with which file
is here anyone who can help me with this problem??

i mean the chat (top of screen)

the player list in the top right corner

and the player name

for those one who dont know what i mean

i think these ss explain it better

normal

what i want to have

Change your fonts in stylemgr.ini - found in your data folder.

For the font in the upper right of the screen you will have to change the texture for it in your photo editing program.

I believe its font6x4.TGA there are 3 different font.TGA its one of those.
