You can post all your Renegade related screenshots and (youtube) video's in here. Posts not containing a screenshot or video will be removed. "Renegade related" can be considered in the wide sense of the term: anything that touches C&C Renegade from close or from far away.

Every month, I'll personally choose a "top screenshot of the month" and a "worst screenshot of the month". This will be based on originality, humor, good looks, or whatever gets into my head at my moment of choice . I will try to motivate my choice accordingly. I will do the same for video's if there are enough of them posted.

If you post screenshots or video's containing skins or modifications, it would be nice if you could indicate where you found them (in the mod release forum). However, please do not attach any files other than screenshots in this sticky.

Due to the low amount of entries, I'll combine Jan and Feb.
