I have added the 2 files to the plugin folders but it dosn't seem to return the hash.
<&MvrBot1> Player mvrtech joined the game
<~mvrtech> !gethash mvrtech
<&MvrBot1> No hash for mvr found.

I use BRenBot 1.52 with Serial Plugin 1.06 and i enabled the queryOnJoin in serial.xml which makes no difference.

Any ideas what i missed?

Download link seems to be broken, I'll see if I can dig up a copy on my development computer.

Wasn't serial.dll a closed release only intended for members of the server owners forums? I don't think your meant to be redistributing it.
