Demanding release of epic skin

I thought I had posted this here a long time ago, but I can't seem to find it... So I will will post it now to make sure, even if he wasn't serious about wanting it.

I don't care if you think it sucks, I made it for lols (like most of my skins).

I know I posted it at NS when I made it, but IDK if you would have seen it there. At the time I was posting everything here and there... so it should have been here somewhere.
