At first, I was like =/

But then, I B-|

Quote: If you've been following my social anxiety thread you would have learned that I got an asian girls number during my last update (the encounter wasn't recorded unfortunately because my Camera froze).

I found that to be really funny on a couple levels. Bodybuilding sites are great fodder for material about insecure dumbasses.

That piss bottle idea is pretty smart, actually. I think I too, shall start equipping a jar of pee.

I think I'd rather use a public washroom. Desperate situations like that deserves the risk of flushing a toilet full of shit in a public washroom to use it. Would've avoided this whole mess too.

Studies have proven it is more sanitary to lick the seat of a public toilet rather than your cell phone. Not that I'd lick either... but I will crap when and where I please.

And yet, even after experiencing that, he thinks the problem was not bringing a pee bottle, not, you know, simply and easily asking "hey, can I use your bathroom?" when he first had to go.

I printed the thread off to give some of the guys at work a read... When I did that a couple of hours ago it had 32 replies, now it has over 750 replies.

That thread is epic, even if it is a troll thread.

LOL

55 pages... its a huge success considering the previous topics on these forums called "100 pages of spam".

this guy is obviously lying. maybe he had a dream or something about this.

its so hard to believe that how creative people can be.

100 pages of spam got locked, for some reason... otherwise I'd had it up to 1,000 pages by now.

Plus you can't compare the "community" forums for 7 year old dying game to a steroid junkie forum...

55 pages? Pfff our pointsfix topics combined make more than that. Also note the number of posts per page.
