you can download this from here

this skin pack contains everything you have ever seen that is my own WBG design, including the building.

the Apc, Harvester, Cargo Plane, and Recon Bike arent done, and arent going to be done until summer break, which is waay off. also the infantry are probably not going to be completed either.

this skin pack contains the following

Infantry  
Nod Officer  
Sealth Black Hand  
Laser Chaingunner

Vehicles  
Buggy  
Mobile Artillery  
Light Tank  
Stealth Tank  
Flame Tank  
Apache  
Chinook

Effects  
Custom Apache/chinook rotor  
Custom techno Stealth effect  
Green lighing on structures  
WBG Crate  
green nod logos

Weapons  
SBH laser rifle 1st and 3rd person

all current building skin modifications, i express that i dislike the buildings yet still people beg me for them, so here they are, do not complain of incomplection or ban.

ok so there you go, i will update this thread as I go, so you dont have to go trolling to find them all like collectors items. everything is right here.

thanks.

I can tell this took a long time and you actually put effort into it, it's not jus another fail-skin pack that's jus a re-colour.

I like the arty and the stank. The others look out of place. The pache for instance just looks weird compared to the arty.

Nice pack though.

My personal opinion.
