When i enter the n00bstories server it kick me cuz i dont run renguard....but i do!! i restart renguard...same thing. What is the problem...i saw some1 else had the same problem...and there is no anwer on the forums...here is what renguard say:

```
[19:02] Trying to connect to server #1...Connected!  
[19:02] Secure link established.  
[19:02] Welcome to RenGuard, MasterOfnone!  
[19:02] To launch Renegade, please click 'Renegade'.
```

then i press renegade...and the server kick me for not running it....wtf....i run xp btw.

Post a topic on n00bstories forums (<http://www.n00bstories.com/forums/>) and I'll personally look into it. Make sure to post valid information about which nick you used etc.
