I presume the rust is the fading parts of the metal

Sounds like huge problem. I could envision hundreds of engineers standing at the door figuring out how to get in whilst it's being destroyed by 6 Hill camping Arties.

Rusty door? Or just scary scratched metal door with eyes? Not bad I say.

Possibly some loose reference to Auschwitz and the holocaust.
Seems like nikki gave up bumping topics so he could start being racist?

I wasn't sure, which is why I left it as an open question.

being offended online is sad Unless its IM or Email
