Yes the annoying sound has found its way to Renegade.  
Besides the beautifull noise it spits out flames.

Here is a link to the latest footage supplied by crazfulla:

The beauty of this vuvuzela is that it uses one texture (uvw unwrapped) so if you modify the flag texture to a different country your vuvuzela will be reskinned.

You can just release your vuvuzela mods in this topic.

If you release your vuvuzela somewhere else please credit me for the model

Also I have supplied the gmax files in the zip so you can alter the vuvuzela itself. Or adjust the uvw unwrap.

Have fun ingame with this thing!
