There are a ton of reticles in Red Faction Guerrilla.  
I'm converting as many as I can find as accurately as I can into Renegade.  
If you wish to help me and have Red Faction Guerrilla send me some screenshots.  
I'll be updating every time I make 5, and will release them all when I am done.

Edit:

edit 2: i completely forgot about this, and now cant find the older files therefore has been given up on.
