Sometimes very few people notice a new sticky message in the general section, but just to say to all the people who live in the mod release section:

Rene-Buddy 2 Public beta is out!

woo!

The topic is here : <http://www.renegadeforums.com/index.php?t=msg&th=38543>

Thanks for your support guys, this version should be more stable and I will be updating it with new features soon.
