Is there any of the sp maps for Renegade in 3ds format?

If not can anyone tell me how to do it, I don't need the textures just the map in 3ds.

It's for something I'm gonna try to do in a diff game.

I'll be nice and release this file. I have the \*.Max version of it but you're asking for the \*.3DS file.  
This is Level 10, as given to me back in 2002.
