
Subject: Current 4.1 SSGM bugs/mistakes

Posted by [Xpert](#) on Thu, 18 Sep 2014 04:43:08 GMT

[View Forum Message](#) <> [Reply to Message](#)

I decided to get back into my coding again for a little and I am in the process of converting my plugins to 4.1. In the meantime, I've also come across a few SSGM problems.

1. DNA drops

When it comes to the tier 3 class characters, it doesn't randomize properly.

Toggle Spoiler

```
void SSGM_Powerup_Mobius::Custom(GameObject *obj, int message, int param, GameObject *sender)
{
    if (message == CUSTOM_EVENT_POWERUP_GRANTED)
    {
        int RandomNum = Commands->Get_Random_Int(1,2);
        if (RandomNum == 1)
        {
            Change_Character(sender,"CnC_Ignatio_Mobius_ALT2");
        }
        else if (RandomNum == 2)
        {
            Change_Character(sender,"CnC_Ignatio_Mobius");
        }
    }
}
```

It will never reach the random number of 2. With the way SSGM's current randomizer works.

Same for stuff like:

Toggle Spoiler

```
void SSGM_Powerup_Havoc::Custom(GameObject *obj, int message, int param, GameObject *sender)
{
    if (message == CUSTOM_EVENT_POWERUP_GRANTED)
    {
        int RandomNum = Commands->Get_Random_Int(1,4);
        if (RandomNum == 1)
        {
            Change_Character(sender,"CnC_GDI_MiniGunner_3Boss");
        }
    }
}
```

```

}
else if (RandomNum == 2)
{
    Change_Character(sender,"CnC_GDI_MiniGunner_3Boss_ALT2");
}
else if (RandomNum == 3)
{
    Change_Character(sender,"CnC_GDI_MiniGunner_3Boss_ALT3");
}
else if (RandomNum == 4)
{
    Change_Character(sender,"CnC_GDI_MiniGunner_3Boss_ALT4");
}
}
}
}

```

In this one, it will never reach the random number of 4.

2. Missing or incorrect powerup sounds.

The armor sounds are wrong:

Toggle Spoiler

```

else if ( (strstr(Commands->Get_Preset_Name(obj),"CnC_POW_Armor_Max")) ||
(strstr(Commands->Get_Preset_Name(obj),"POW_Armor_100")) )
{
    Send_Message_Player(sender,104,234,40,"Full Body Armor acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00prba_aqob0004i1evag_snd.wav");
}
else if (strstr(Commands->Get_Preset_Name(obj),"CnC_POW_Armor_Max"))
{
    Send_Message_Player(sender,104,234,40,"Full Body Armor acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00prba_aqob0004i1evag_snd.wav");
}
else if (strstr(Commands->Get_Preset_Name(obj),"POW_Armor_100"))
{
    Send_Message_Player(sender,104,234,40,"Kevlar Vest Armor acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00prkv_aqob0004i1evag_snd.wav");
}
else if (strstr(Commands->Get_Preset_Name(obj),"POW_Armor_050"))
{
    Send_Message_Player(sender,104,234,40,"Breast Plate Armor acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00prbp_aqob0004i1evag_snd.wav");
}
}

```

It should be like this:

Toggle Spoiler

```
else if (strstr(Commands->Get_Preset_Name(obj),"POW_Pistol_Player"))
{
    Send_Message_Player(sender,104,234,40,"Automatic Pistol acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00pwap_aqob0004i1evag_snd.wav");
}
else if ( (strstr(Commands->Get_Preset_Name(obj),"CnC_POW_Armor_Max")) ||
(strstr(Commands->Get_Preset_Name(obj),"POW_Armor_100")) )
{
    Send_Message_Player(sender,104,234,40,"Full Body Armor acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00prba_aqob0004i1evag_snd.wav");
}
else if (strstr(Commands->Get_Preset_Name(obj),"POW_Armor_050"))
{
    Send_Message_Player(sender,104,234,40,"Kevlar Vest Armor acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00prkv_aqob0004i1evag_snd.wav");
}
else if (strstr(Commands->Get_Preset_Name(obj),"POW_Armor_025"))
{
    Send_Message_Player(sender,104,234,40,"Breast Plate Armor acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00prbp_aqob0004i1evag_snd.wav");
}
```

Also missing the Personal Ion Cannon (PIC) sound:

Toggle Spoiler

```
else if (strstr(Commands->Get_Preset_Name(obj),"POW_PersonallonCannon_Player"))
{
    Send_Message_Player(sender,104,234,40,"Personal Ion Cannon acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00pwpi_aqob0004i1evag_snd.wav");
    if (!SBHCanPickupDropWeapons)
    {
        if (strcmp(Commands->Get_Preset_Name(sender),"CnC_Nod_FlameThrower_2SF") == 0)
        {
            Remove_Weapon(sender,"Weapon_PersonallonCannon_Player");
        }
    }
}
```

Timed C4 and Remote C4 currently has 1 sound for 1 of the C4 presets each. Here's the additional ones:

Toggle Spoiler

```
else if ( ( strstr(Commands->Get_Preset_Name(obj),"POW_MineTimed_Player")) ||
(strstr(Commands->Get_Preset_Name(obj),"CnC_POW_MineTimed_Player_01")) ||
(strstr(Commands->Get_Preset_Name(obj),"CnC_POW_MineTimed_Player_02")) )
{
    Send_Message_Player(sender,104,234,40,"Timed C4 acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00pact_aqob0004i1evag_snd.wav");
    if (!SBHCanPickupDropWeapons)
    {
        if (strcmp(Commands->Get_Preset_Name(sender),"CnC_Nod_FlameThrower_2SF") == 0)
        {
            Remove_Weapon(sender,"Weapon_MineTimed_Player");
            Remove_Weapon(sender,"CnC_Weapon_MineTimed_Player");
            Remove_Weapon(sender,"CnC_Weapon_MineTimed_Player_2Max");
        }
    }
}

if ( ( strstr(Commands->Get_Preset_Name(obj),"POW_MineRemote_Player")) ||
(strstr(Commands->Get_Preset_Name(obj),"CnC_POW_MineRemote_01")) ||
(strstr(Commands->Get_Preset_Name(obj),"CnC_POW_MineRemote_02")) )
{
    Send_Message_Player(sender,104,234,40,"Remote C4 acquired.");
    Create_2D_WAV_Sound_Player(sender,"m00pac4_aqob0004i1evag_snd.wav");
    if (!SBHCanPickupDropWeapons)
    {
        if (strcmp(Commands->Get_Preset_Name(sender),"CnC_Nod_FlameThrower_2SF") == 0)
        {
            Remove_Weapon(sender,"Weapon_MineRemote_Player");
            Remove_Weapon(sender,"CnC_Weapon_MineRemote_Player");
            Remove_Weapon(sender,"CnC_Weapon_MineRemote_Player_2Max");
        }
    }
}
```

This fixes the double repair gun issue when you pickup a weak gun while having the stronger one and vice versa.

Toggle Spoiler

```
else if (strstr(Commands->Get_Preset_Name(obj),"POW_RepairGun_Player"))
{
if (Has_Weapon(sender,"CnC_Weapon_RepairGun_Player_Special"))
{
Send_Message_Player(sender,104,234,40,"Maintenance Tool Battery acquired.");
Create_2D_WAV_Sound_Player(sender,"m00parp_aqob0004i1evag_snd.wav");
Remove_Weapon(sender,"Weapon_RepairGun_Player");//remove the duplicate weak
repairgun
if (!SBHCanPickupDropWeapons)
{
if (strcmp(Commands->Get_Preset_Name(sender),"CnC_Nod_FlameThrower_2SF") == 0)
{
Remove_Weapon(sender,"CnC_Weapon_RepairGun_Player_Special");
}
}
}
else
{
Send_Message_Player(sender,104,234,40,"Maintenance Tool acquired.");
Create_2D_WAV_Sound_Player(sender,"m00pwrp_aqob0001i1evag_snd.wav");
if (!SBHCanPickupDropWeapons)
{
if (strcmp(Commands->Get_Preset_Name(sender),"CnC_Nod_FlameThrower_2SF") == 0)
{
Remove_Weapon(sender,"CnC_Weapon_RepairGun_Player_Special");
}
}
}
}
```

There's a space in the messages when doing !c4.

Toggle Spoiler

```
StringClass msg;
msg.Format("ppage %d Remote: %d - Proximity: %d - Total: %d - Limit:
%d",Get_Player_ID(Player),Remote,Prox,Remote+Prox,Get_Mine_Limit());
Console_Input(msg);
```

It's between the words Remote and Proximity. You'll see it.

Keycard sounds if you want to add them:

Toggle Spoiler

```
else if (strstr(Commands->Get_Preset_Name(obj),"Level_01_Keycard"))
{
    Send_Message_Player(sender,104,234,40,"Level-1 Security Key acquired.");
    Create_2D_WAV_Sound_Player(sender,"00-n090e.wav");
}
else if (strstr(Commands->Get_Preset_Name(obj),"Level_02_Keycard"))
{
    Send_Message_Player(sender,104,234,40,"Level-2 Security Key acquired.");
    Create_2D_WAV_Sound_Player(sender,"00-n092e.wav");
}
else if (strstr(Commands->Get_Preset_Name(obj),"Level_03_Keycard"))
{
    Send_Message_Player(sender,104,234,40,"Level-3 Security Key acquired.");
    Create_2D_WAV_Sound_Player(sender,"00-n094e.wav");
}
```

Also, the current crate system; it has always been a bug but the points crate and money crate doesn't randomize properly either. You will never get depoints and you will never get demoney.

The spy crate still works even after the person kills a building.

Can easily apply this:

Toggle Spoiler

Apply this in the crate code

```
Commands->Set_Is_Visible(sender,false);
```

And then attach this script on the object create.

```
void SSGM_Crate_Building::Killed(GameObject *obj,GameObject *killer)
{
    Commands->Set_Is_Visible(killer,true); // to reverse the spy crate effect after killing a building
}
```

```
void Crate::OnObjectCreate(void *data,GameObject *obj)
{
    if (obj->As_PhysicalGameObj() && obj->As_PhysicalGameObj()->As_PowerUpGameObj())
```

```

{
  if (stristr(Commands->Get_Preset_Name(obj),"crate"))
  {
    Attach_Script_Once(obj,"SSGM_Crate","");
  }
}
else if (obj->As_BuildingGameObj())
{
  Attach_Script_Once(obj,"SSGM_Crate_Building","");
}
}

```

It's basically a duplicate of the old methods in SSAOW.

And finally, the vehicle wreckages shouldn't have a timer to set the skin to blamo. Just set the skin to SkinVehicleHeavy instead of Light and remove the timer.

Just remembered a few more.

Get_Part_Names and Get_Part_Name has a crash issue with the way it's currently written.

it's currently coded:
 Toggle Spoiler

```

int SCRIPTS_API Get_Part_Names(const char *name1)
{
  SLNode<SoldierGameObj> *x = GameObjManager::StarGameObjList.Head();
  int count = 0;
  while (x)
  {
    GameObject *o = x->Data();
    if (o)
    {
      const char *name = Get_Player_Name(o);
      if (stristr(name,name1))
      {
        count++;
      }
    }
    delete[] name;
  }
}

```

```

}
x = x->Next();
}
return count;
}

```

```

GameObject SCRIPTS_API *Get_Part_Name(const char *name1)
{
SLNode<SoldierGameObj> *x = GameObjManager::StarGameObjList.Head();
int count = 0;
GameObject *current = 0;
while (x)
{
GameObject *o = x->Data();
if (o)
{
const char *name = Get_Player_Name(o);
if (stristr(name,name1))
{
current = o;
count++;
}
delete[] name;
}
x = x->Next();
}
if ((count == 1) && (current) && (Commands->Get_ID(current)))
{
return current;
}
else
{
return 0;
}
}

```

A fixed one that a lot of plugins including myself use would be:

Toggle Spoiler

```

GameObject SCRIPTS_API *Get_Part_Name(const char *name1)
{
SLNode<SmartGameObj> *x = GameObjManager::SmartGameObjList.Head();
int count = 0;
GameObject *current = 0;

```

```

while (x)
{
    GameObject *o = (GameObject *)x->Data();
    if (o && Commands->Is_A_Star(o))
    {
        const char *name = Get_Player_Name(o);
        if (stristr(name,name1))
        {
            current = o;
            count++;
        }
        delete[] name;
    }
    x = x->Next();
}
if ((count == 1) && (current) && (Commands->Get_ID(current)))
{
    return current;
}
else
{
    return 0;
}
}

```

```

int SCRIPTS_API Get_Part_Names(const char *name1)
{
    SLNode<SmartGameObj> *x = GameObjManager::SmartGameObjList.Head();
    int count = 0;
    while (x)
    {
        GameObject *o = (GameObject *)x->Data();
        if (o && Commands->Is_A_Star(o))
        {
            const char *name = Get_Player_Name(o);
            if (stristr(name,name1))
            {
                count++;
            }
            delete[] name;
        }
        x = x->Next();
    }
    return count;
}

```
