It's really nice, and these settings also remove a lot of fps lag. Does turn the game into potato mode tho.

You can remove it by copying one of the registry settings below. I think it either setting Static_LOD_Budget to 100 or Dynamic_LOD_Budget to 100

Go to Computer\HKEY_CURRENT_USER\SOFTWARE\Westwood\Renegade\System Settings with regedit and copy the settings in the screenshot below

It's one of these settings that affects it:
