Hi all I'm new to Renegade but I am quickly becoming fed up with not being able to find the Ship Captain to complete my mission. I'm sure all you die-hard C&C fans will think I'm pretty stupid but please tell me WHERE DO I FIND THE SHIP CAPTAIN?
Thanks all.

I have had the game since it came out, and I have never found the ship captian. Never really looked for him either because I have never played the single player missions. MP only!!!

Keep going round and round moving upwards, take every upramp you can take... the bridge is all the way at the very top of the ship... I can't remember more accurate directions it's been a while...
