no.

J/k I can try, what do ya want it to look like?

i made on on my own but it would still be nice to have an animated one like the one i have
heres the one i made

Looks nice, I cant make pics like that... but have you tryed a banner Generator? I know a realy a
realy good one at http://www.addesigner.com.

You can make nice basic banners there, plus there moving!

You should really ditch the Tiberian Evolution banner or at least make it smaller because it's rather big. Remember a signature is meant to represent the end of your post and not be the size of another post.
