Loser, this guy is making me laugh, he thinks by posting 500 messages, we'll be annoyed, and give up on the community, let me tell you something, women don't get pregant, keep the baby in her for 6 months then get one pain and say fuck it, kill the baby and move on, right?

This community is like that, and I'm not sticking the needle in because of one pain, you. See you in Hell, loser.
