He's talking about the menu bar on the Renegade site, not the site itself.

Hmmm, it was up yesterday, perhaps it's down for maintenance or something.

It does look different and I believe the address has changed:

http://www.eagames.com/official/cc_renegade/index.html

Maybe Ultron's right and they're just working on it.

I went there to try to download the mod tools to my new comp and got mad when I had to go
looking around elsewhere.
