Dave was not the one whom banned you, it was foenixz. For reasons I'm sure you are well aware of.

So until Foenixz lifts your ban, if he does, I will not interfere.

We have a rule there, that the person whom does the banning also lifts it. No one intereferes.

(Oh, and BTW, complaining should be done on www.forcesofdiversion.com for FOD servers, not here.)

IceSword, you pissed off the owner of the server in these forums. He pays for the server, and he doesn't want you there.

And dufis791, I'm one of the leaders of the FoD Clan and I certainly disagree with your assessment of us. I'd venture to say many others would, too.

Let us all take time to thank our gods that is not the case. FUD server practices are inexcusable.

This is a different story, Icesword is a foul-mouthed, trash-talking idiot who has this weird sense of entitlement about him. "I'm here so why isn't everyone doing what I say and worshiping me?"

Not only can't we take Icesword seriously, he gets owned in every match I have seen him in. No doubt there is a lot to this story Icesword has left out. I wouldn't even blame FUD for banning him.

Obviously we're quicker on the uptake than you guys, because we banned his ass months ago for doing this kind of shit. Our server practices are hardly inexcusable because they keep people like this out. We just happen to think people like Icesword are a majority instead of a minority.

Funny i have only played with you once in the Pits. And i found a sniper rifle and camped at the back of ur base. And i distinctly remember sniping you over and over again because every time i would kill you, you would say something stupid. So you cant say I get owned every match uve seen me in.

And i think its funny i played in the FOD server all the time without problems Untill now. wierd no?

O and btw im not banned from FUD i joined the other day where there were no mods.

It gives me this error message when i try to register on the FOD forums...(some debug crap or whatever)

Looks to me that out of all 12 games you've "last played" here, giz owned you on every game but one.. and that game he had 0's straight across the board, meaning he just joined..

Look at this thread :

I know full well what the shorter versions of those words mean. What I'm saying is none of your sentences make any sense, even after you decifer the code you speak in. It's all jibberish and repeated jibberish. That's why I told you to speak English. I didn't say anything about your spelling you idiot.
