Same kid who e-mailed me months ago asking for aimbots.

He just cheated on The Pits, like everyone said he would.. Damage hack, over 3,000 points.

Hopefully we can ban him and his sack of shit brother Halo38 for the same thing.

Erm here is a typical case of ACK being a dickhead.

- 1) Carbon-Kid/sjezk3 never plays in the pitts for the simple reason being is its crap, laggy and hard to join in the first place.
- 2) He does not cheat, the only times he has cheated have been in his own or my server to see what the cheats do.
- 3) Halo38 is not related to carbon-kid in any way.

I know this because Carbon-kid is my best friend and halo38 is also a good mate of mine.

So please get your facts right before you start opening your stupid mouth.

Halo38 makes better maps than him thats why he decided to put his name in there.

If fact he is at Uni at the moment so I don't even know how he is meant to have been in the pits to cheat with sjezk3 at all.

I have also been playing Ren with sjezk3 most of the night and we have not been into the pits once - your forgetting the fact that we live in England and thefore very rarley go onto US servers at all. Fucking idiot.

So ACK, where does all this come from? Can you prove it? I don't think so. As usual you are just making things up to try and piss people off, something you are quite good at.

No you stupid freak, you are still wrong.

Snipefrag is not related to either of us. Snipefrag is another of our friends and is Halo38's brother.

As for that bit of text, that proves nothing what so ever. Neither me or sjezk3 have been into the pits so i dont know where you got that from.

Even if he was in it (as there are many servers called the pits), the fact he was the MVP with 3k+ points does not prove he was cheating.

You must be one of those "special" kids who has a problem reading English...

When I said "And you're right, Halo38 isn't your brother. I'm thinking of Snipefrag," I was obviously inferring that Halo38 is Snipefrag's brother.

That text proves a lot, actually. Not only did he join late in the game (Which was obvious, because he had more than 3,000 points and the game showed him getting less ladder points than someone who joined five minutes earlier), he was using the Final Renegade cheat.

There is only one server called "The Pits." Digging pretty deep now, eh?

Snipefrag isnt my brother so why mension him and halo38 if they have nothing to do with it? and 3746 points is possible to reach without any cheats.

And YES it is possable to get well over 3k points in 5ish minutes.

Just because someone asks or even has cheats doesnt mean they use them.

I myself have cheats for Americas Army: Operations. I do not use them, however. Even if I wanted to I couldnt because most of the good servers run punkbuster.

The reason I have them is so that I can test them in my friends clan server (note: Never test in a public server) to see what kind of things they can do, so that when I am playing normally I have a better chance of telling if someone is cheating or not, as I know the full effects of the cheat.

As for them emails themselves they are probably real, although I am unsure as they can easily be faked and also his hotmail has been hacked countless times so it could have been someone else emailing.

The only real proof is a screenshot of him killing like 5 people at once or one of him shooting the harvy as it comes out of the wep factory. Anything else can be faked. This is what people on n00bstories.com say when someone posts a n00b file with no screenshot, so why should you be any different?

You are all fat and/or ugly and really need to get out more.

Remember the key point however, ITS A FUCKING GAME.

Ignorant worm. Why are you here, exactly? Since and your little boy-toy Carbon-Kid seem to have such a perfect grasp on reality, why are YOU here to argue?

Dork.

Funny, I didn't realize it was better to have every word, even "grape" censored, and moderators who only visited like once a week.

Since you volunteered your IP, I might as well correct you.

Your IP is 81.97.0.38. Its the IP this post was made from, and EVERY post you have posted. It is also the exact same IP that every one of sjezk3's posts are from. I bet if msgtpain checks his fds

logfiles, it will match up as well.

And it's also the IP that is banned from our server..

That's a nice accusation, except that I have a database that logs all game results at the time they are written.. we could easily compare your final score and date/time of game to that. or even better, how about we just look the game up on the WOL stats page, is that even still running?

Keep arguing, it doesn't mean anything. I don't make things up just to have people banned. What benefit would I gain by banning someone that played on game on my server in 2 months? I don't dislike you, I just dislike cheating, especially on my server. You know you cheated, even if you will never admit it, but that doesn't really matter either. You're still banned..

Have a nice day.. cheater.

If sjezk3 has to prove (or at least try to) that he is not cheating then why shouldnt you.

There is clear evidence of you using cheats in the screenshot and there is NO WAY WHAT SO EVER you can prove thats not you.

Even if it is not you then your still a bit retarded for giving out your password.

Crimson: The forums WERE better when they were hosted by westwood. Threads such as this never happened. People were nice to eachother. No one ever said fuck cunt dick ass or anything else like that which have no place in a "official" gameing forum. In my opinion these forums have gone down hill and fast. Just because the few people who post here often like it doesnt mean the thousands more who left it, dont post much or never bothered joining do as well.

Even if it is not you then your still a bit retarded for giving out your password.

And you're still a bit dense for not being able to spot sarcasm when it jumps in your lap and gives you a blow-job.

Ahh, this is definitely one entertaining flame-thread. Sjezk3/ThinkHarder, keep up the illogical and idiotic arguments, they're funny. Oh yeah, I'd like to point out to you that, like msgtpain, my name C4miner was also hacked numerous times by Ty. He still has access to the login and, if he wanted to, could post screenshots of him posing as me with the bighead mod. However he has no problems with me so I just play on that name cheat-free. You have quite the ignorance within you.

Now, in light of this great and fierce, yet almost one-sided flame war, I'd like to declare the winners and top-scorers.

WINNER: GDI

GDI:

Total: 43,544

1. Msgtpain - 13,487
2. Aircraftkiller - 11,204
3. Blazer - 8,299
4. Crimson - 6,447
5. Javaxcx - 4,107

NOD

Total: 7,514

- 6. Sjezk3 - 3,746
  - 7. ThinkHarder - 3,746

I don't follow any of them in the sense you put it. I just read the posts in an unbiased manner. I then deduce by logic and evidence that you are the loser of the battle. I also notice how you are clinging to thin air while making several very weak jab attacks in order to attempt to remain in the battle in which you don't even know is already over and has been for some time now.

From this weak clinging to a nonexistant cause and your utterly ridiculous and completely fabricated personal insults and opinions, I furthermore deduce that you are an idiot and very stupid. This notion is evidenced moreso by the last comment you made, which was a comment of the unwise man who cannot back up his assertions.

(In layman's terms, you're an idiot, and you don't know what your talking about, most likely because you're pulling it all out of your ass.)

Are you unable to read a sentence or just plain stupid. Read what I said. I never asked people to DDoS it. I said that the only reason I posted the IP is because I was shutting down my PC and therefore the IP address would no longer be active so no one would be able to attack it.

81.xx.x.38 is not my IP address. That is the address of my work PC, which uses a differnet ISP to my home system. Me and sjezk3 work at the same place. You know my email address and you know sje's as well so if you want to attack me please do it by email - just incase you dont its dbmzk1@hotmail.com and sjezk3@hotmail.com. Could someone also please reamove that IP address from these forums as if anyone does attack it then my company would not be best pleased. Before you ask, we play Renegade on our breaks, sometimes a bit longer than that too

Go take a look at my first post. I point out in a screenshot exactly how many points you had, and surprise surprise, it coincides with what Pain posted first. Oh wait, I'll just post that link again...  
<http://www.n00bstories.com/image.view.php?id=1033620925>

Next:

Quote:hummm and a screenshot of you using bigheads? what did this TY do did he ask you for your WOL password and your so retarded that you gave it to him? shame... lol

I guess you are yet another person who tries to prove his point by completely ignoring what others write. Maybe this quote will help you. And pay attention to the bolded part,

Quote:I haven't used msgtpain,krnelpain or bgpain since Aug 13th when Revolt stole the passwords and handed them out.

Maybe you'll look less like a fool next time if you actually read what people post.

On to someone else for a second...

Quote:Crimson: The forums WERE better when they were hosted by westwood. Threads such as this never happened. People were nice to eachother. No one ever said fuck cunt dick ass or anything else like that which have no place in a "official" gameing forum. In my opinion these forums have gone down hill and fast. Just because the few people who post here often like it doesnt mean the thousands more who left it, dont post much or never bothered joining do as well.

First of all threads never happened like this because they were removed or closed right when they happened. However, if Crimson were to do that, people would turn around and complain about it. The accusations have happened already about topics being locked, removed etc. And the reason people never used any of the language you posted was because Westwood censored the forums. With A TOS violation occuring when it did happen. However Crimson has decided not to censor the forums. However, I guess that could change if people wanted it to.

Quote:Even if it is not you then your still a bit retarded for giving out your password.

This almost went by me... refer to my previous comment about this same subject.

And there is a whole lot more stuff that was posted that is impossible to argue successfully as the "logic" used is of negligable calibur.

Though I will quote an example...

Quote:lol what the fuck are you a brain sergeon? (As if thats supposed to be some sort of insult)

Quote:I bet you mean "surgeon." But, it's easy to see that since you are sarcastically asking me if I am a brain surgeon, you think I am smart. And since I am smart and you are dumb, you can not correctly interpret or comprehend anything I tell you unless I phrase it in layman's terms.

To answer your question literally, I am not a brain surgeon.

(In layman's terms, you're an idiot.)

Followed by

Quote:Nope just some uber geek

geek  
n. Slang

1. a. A person regarded as foolish, inept, or clumsy.  
b. A person who is single-minded or accomplished in scientific or technical pursuits but is felt to be socially inept.
2. A carnival performer whose show consists of bizarre acts, such as biting the head off a live chicken.

Pick your choise.

I guess I should take the time to reply to Carb0nkid's "argument".

You have been proven a cheater, liar, and complete retard. You cannot provide actual proof that discredits you from being a cheater. Your accusation against msgtpain is false, as EVERYBODY knows that Ty hacked msgtpain's account, along with registering the server domain names. You claim the numbers are biased, yet there have been three different screenshots proving your guilt. You have been 0wned in the old Renegade forums, what makes you think you will survive in here

when Crimson is in control?

Get the fuck out of here. Your argument has as much credibility as the sp00j your father left in your ass.

Umbral\_DelaFlarel guess I should take the time to reply to Carb0nkid's "argument".

You have been proven a cheater, liar, and complete retard. You cannot provide actual proof that discredits you from being a cheater. Your accusation against msgtpain is false, as EVERYBODY knows that Ty hacked msgtpain's account, along with registering the server domain names. You claim the numbers are biased, yet there have been three different screenshots proving your guilt. You have been 0wned in the old Renegade forums, what makes you think you will survive in here when Crimson is in control?

Get the fuck out of here. Your argument has as much credibility as the sp00j your father left in your ass.

Ctrl+7!

(Affirmative!)

Thats right....

Just thought i'd take the time to reply setting the record straight as i was mentioned. (yes, i have read all of the previous posts)

1. Carbon-kid is not my brother even if he was I have never cheated on any server nor have I ever attempted to obtain one (i don't need them ) so there is no reason to ban me from any server, please lets not scream ban ban ban with false information.

2. I just know CK through Snipefrag
  3. Snipefrag is no cheater either
  4. I'm hungry, later

I can verify that Halo38 has posted from SEVERAL ips (probably dynamic), but his IPs have never crossed Carbon Kid's.

ThinkHarderIf sjezk3 has to prove (or at least try to) that he is not cheating then why shouldnt you.

There is clear evidence of you using cheats in the screenshot and there is NO WAY WHAT SO EVER you can prove thats not you.

Even if it is not you then your still a bit retarded for giving out your password.

Crimson: The forums WERE better when they were hosted by westwood. Threads such as this never happened. People were nice to eachother. No one ever said fuck cunt dick ass or anything else like that which have no place in a "official" gameing forum. In my opinion these forums have gone down hill and fast. Just because the few people who post here often like it doesnt mean the thousands more who left it, dont post much or never bothered joining do as well.

Ahh i thought you would post here bro.

I am Halo38's brother, and he has never used cheats... ever he is the most clean Renegade player to ever walk this forum, he is dead against all cheats on any console untill the game is completed.

The only reason i could think ACK would post negative things against him is that he is afraid because He knows that Halo makes good maps, Halo is to nice a person to say this but i will. Well ACK you can enjoy Renegade everyone else is moving on and you are not helping the community at all you are only making more and more people leave.. Even tho you think you are doing a good job churning out new maps you have severely affected the members here and have succeeded to undo all good work people like Crimson, Dante, SomeRhino and many others have put in by scaring away the community. Besides the people in power who can help you do not like anyone in this community.

As for Sjezk he doesnt use cheats, and Neither Does ThinkHarder and as for trying to ruin there reputation its cheap and unfair and i would go as far as to say you are abusing your power...

It would be like me in Planetside doing a global broadcast to slag off another player without any real proof, someone got banned for this the other week i wish the people in power here would ban you then maybe the renegade community would be able to pick up the pieces and move on.

Umm.. go back and actually READ the posts in this thread. Proof HAS been provided that sjezk3 does cheat. With others backing the logs up with other recorded information.

Yeah, okay... You suddenly figured out why I dislike your brother? "OMIGOSH, it MUST be because Halo38 makes better levels!!! THAT CAN BE THE ONLY REASON" There's a saying that goes "you aren't the shiniest penny of the bunch," and I think that applies perfectly here.

One more thing... "you're destroying the community," right, you know how much I've heard that? You know what it is? It's a straw man, a fallacy, an excuse, otherwise known as BULLSHIT. You can't defend your lack of work in Renegade, so you go "well Aircraftkiller did it, he made us leave!!!"

Good riddance, don't come back.

Quote:Yeah, okay... You suddenly figured out why I dislike your brother?

Every map he has made you have answered with a negative comment. He has NOTHING to do with Carbon Kid so you are the one coming up with BULLSHIT if someone tried to accuse your brother would you just stand there and let it be when you know that he is the cleanest most honest guy you know? Carbon kid is one of my friends thats the only reason Halo knows him.

Quote:OMIGOSH, it MUST be because Halo38 makes better levels!!! THAT CAN BE THE ONLY REASON

That is the ONLY reason you know his name... through his maps, the only link between him and you i could find.

Quote:There's a saying that goes "you aren't the shiniest penny of the bunch,"

Ditto, you cant see the errors in your ways whatever you may say about any member of my family your the person who is sad enough to be so overly critical of anything productive. If we did a tally of the negative/positive posts you have made on these boards it would be about 50/1 and everyone knows this is true. This brings about a saying that goes "If you have nothing good to say

then dont say anything" or put into Simple terms for you ACK "If you cant say anything nice SHUT THE FUCK UP" That is not said in referance to anything in this thread just to you in general.

Quote:"you're destroying the community," right, you know how much I've heard that? You know what it is? It's a straw man, a fallacy, an excuse, otherwise known as BULLSHIT.

Did it ever occur to you that if your presence in this community has caused so many people "IN THE COMMUNITY" to say "you're destroying the community" that maybe they might have a point!?!?! I dont know you in real life but what i have seen from these forums you dont have much Social intergration as you dont seem to realise when your presence is not welcome, when you cause this much controversy in A GAME over the INTERNET you must be pretty useless at keeping friends unless you are putting up a falsified view of how you would act in real life, or you never leave your room....

Quote:You can't defend your lack of work in Renegade, so you go "well Aircraftkiller did it, he made us leave!!!"

Does doing lots of "work" for Renegade give you the excuse to be an ass? I have personally allways been a fan of your maps but you as a person are dispicable. At least if someone has needed my help i have tried to help them in anyway possible with my limited knowledge passed onto me by my brother. Finally are you aware that this is a game and not everyone is here to work? just to enjoy playing with friends and have fun within the community.

Quote:Good riddance, don't come back.

ACK, i am enjoying myself in planetside and from what i hear you dont like it, and thats ok do you know why? because it means i dont have to put up with you insulting my family/friends etc. Enjoy whats left of this small community, soon there will be no one to hand yor maps out too . As for arguing over the internet it is sad, and i apologise to anyone who doesnt want to have to put up with reading this. But no one says anything about my family and friends without getting a piece of my mind.... Internet or not.

Also a message for Crimson, Should someone who is a moderator on the OFFICIAL Renegade forums who represents the community be able to act this imature and damn right rude to the public. What would happen if a employee from Westwood acted this way? he would be sacked... Hint Hint

CrimsonI can verify that Halo38 has posted from SEVERAL ips (probably dynamic), but his IPs have never crossed Carbon Kid's.

The different IP's are from our home computer's his different flats at University, proberbly the Brunnel university in London and our old home In Essex (that place rocks).

As for Carbon-Kid and ThinkHarder, they live in Manchester about 150 Miles from us and until this day we havent met. Even tho ThinkHarder is nice enough to host my site for me and help me with any problems i come accross.

And you suddenly think that dislike of his shoddy work means that I'm jealous of it??

Your mind seems to be set in the "opposite meaning" position.

The irony of the above post is overwhelming. Do you read your own words?

"Say something NICE MOTHERFUCKER OR DON'T SAY ANYTHING AT ALL OR WE'LL KILL YOU AND RAPE YOUR FAMILY"

Idiot.

They have a point: They're childish people who cannot work without someone kissing their ass.

You really think I act like this in real life? Durrrrrr... This stuff you're writing reminds me of The Simpsons and Homer, with monkeys picking fleas from themselves as his brain...

I don't use the levels I do as an excuse. I've always been this way online, because of idiots like you who think others need to kiss their ass for existing on this planet.

Hint hint, wake up dumbass, I worked for WS doing Glacier Flying and they didn't have a problem with my forum attitude.

You use that "friends\family" excuse all too often. Saying it once gets the point across. Saying it three times comes off as having no other defense. As for getting a piece of your mind... Take it back, I don't need molded cheese.

Quote:The irony of the above post is overwhelming. Do you read your own words?

You have severe problems, so its ok for you to talk trash about everyone and were not free to defend?

Another bullshit statement, you also seem to have some uncanny attraction to "ass kissing"...

Like most of your comments this doesnt make much sense....

Another homosexual reference, man your the one who is childish...

With most of your refences to ass kissing and raping i dont think you have much of a point either. Get a fucking life and stop being a sad abbusive forum troll.

Well molded cheese is quite a delicacy in most countries.
