Black Cell's clan would like to challenge any clan brave or stupid enough to accept. The matches would be 5 v 5. Anyone interested please reply to this thread.

Well we play on Field, City Flying and Walls, so your choice.

30 mins, 0 creds, no ob walking, everything else goes, harv walking etc.

Pretty picky if you ask me. A limited map supply and setting of your choice

So nothing remotley like -uc- ?

You didnt seem to have a problem when you accepted.

zerkHow many members are you up for?

We will accept. Maps we will play on are field, islands, and complex, what do you wish for?

seems to me you play on 3 maps.

the time limit can change, if the other clan wishes

I will point out were only a starting clan, it was my undertsanding most clans prefer to start with 0 creds.

Most our conditions can be changed, and note we dont have stupid rules about no sniping.

No, those are the maps that we normally play, and I never said we wouldnt play any other than that, those are OUR preferances. In fact, I even asked what maps you guys wish to play, so obviously I am not limited.

You howeverL

Quote:Well we play on Field, City Flying and Walls, so your choice.

That "So your choice" makes that statement says you guys can only play three maps.

If it wasn't clan I would play. 0 creds? 2 Maps? Sounds like your clan sucks if you can't play well on ALL of the maps.

someone cant read.....did i or did i not say everything is open to negotiation? try reading the entire thread oh and this time, make sure your brain has had enough time to take everything in, now considering we are new and have played only 5 matches can you tell me why our win ratio is 80% as in we have won 4/5 just in case you dont understand that too!

I never said I was good, but I said that they were good. I'm a very learned player as people on BC would know cuz i was in their clan for a while untill i left. I'm willing to bet money i was the worse player on there, yet me and a friend can hold off a cheat N his friend in a 2 on 2 clanner (some sort of glitch where only the host could use tanks w/o lots of effort). We were bout 50 pts behind cuz we'd had to repair alot and i was bout to go kill their refine when we finally said the hell with it.

Good luck to BC, and hope you stay alive for the first 5 minutes to the other clan. You do't want to get TOO owned, just enough. And a hint to the opposite clan, on Field, if you hide behind the Barracks or the back Hand of Nod corner, you can't get killed.

So if you're on that map against BC, go there right away.

Don't lose you're pride eh

IceSword7Ok im Sorry and i dont want to start a war but.....

BC suck.

Last time we played them we beat em 3 out of 4 and only lost the 4th game because we were just messing around.

BC are defenetly not the best clan.

BC vs MKOD?

Notice how its not been any member of the clan saying were the best, we just made the clan to have fun, say you suck if you want, I see no reason to say we are the best.
